

Wetland Working Group Meeting

March 8, 2017, 8 am to 10 am

Rooms 1040/1050

1. Introductions
 - a. New employees (Ryhan, Miles, Becka)
 - b. Meeting attendees (also online)
2. Functional assessment development
3. Upcoming projects
 - a. Field method testing/validation
 - b. Wetland and riparian plant database
 - c. Great salt lake conservation action plan
4. Discussion of needs
5. Spring institute mapping
 - Who is collecting spring related information at this time?
 - a. UGS
 - What type of info is being collected?
 - a. Location (USFS, URAP, mapping)
 - b. Very general information on stressors, size, type of wetland (USFS)
 - c. At some sites, more detailed information including water quality samples (URAP)
 - How is your info currently being housed?
 - a. Geodatabase for USFS
 - b. Access database for URAP
 - Would your data & analysis be compatible/useful in a larger comprehensive database?
 - a. Location information- definitely
 - b. Other general information- perhaps
 - c. URAP data- probably
 - d. Ask what others think
 - Would the SSI database meet these needs?
 - Ideas on who/what entity might be best suited/able consolidate/migrate data into SSI (funding, expertise, time, etc)?
