

Wetlands Working Group

November 8, 2022, 10 to 12 pm

DNR Auditorium, 1594 W. North Temple, SLC, UT

Google Meet Video Conference: <https://meet.google.com/rwr-quoo-wqe>

Telephone (backup): 470-285-0085 PIN: 540 334 026#

10:00 Welcome (Diane Menuz, Utah Geological Survey)

10:05 Wetlands, and waterbirds - conservation science for the new era of water scarcity
(Patrick Donnelly, Intermountain West Joint Venture)

10:35 Current and upcoming online resources for sharing wetland data (Diane Menuz
and Becka Downard, Utah Geological Survey)

11:00 Breakout group discussion

Planning and Policy – Online

Restoration – Online

Monitoring and Assessment – In-person

Wetland Management – Currently in-person, but may be moved online if needed

Mapping and Spatial Data –Ad hoc, in-person if attendance is high enough

Breakout questions:

1. What are some important issues that you would like to see discussed more widely or solved regarding this topic?
2. What role if any could the wetland working group play in organizing folks around this topic? Are there already existing groups working on this topic?

11:30 Reports to larger group from breakout groups
